

## Custom made Highly Sculptured Resin Figures

The Samples shown were made for customers and ARE NOT FOR SALE

Some of the figures shown are heavily Electroplated in Brass, Silver or Copper. Others are hand painted. Different highlights can be achieved by polishing or buffing. Our sculptors are able to reproduce life like reproductions. We will work with you to produce pre-production samples for your approval. Each customer's request must be individually quoted. As a general rule our minimum quantity is 250 pieces.

Production time is 10 to 12 weeks, depending on the quantity, intricacy of the product and the method of shipping.

Custom made Highly Sculptured Resin Figures

Bronze tablets are cast in Sand. They can be used indoors or outdoors. Normal delivery is 5–6 weeks. Shorter delivery is possible on an overtime basis. Tablets can also be cast in Aluminum. Aluminum castings are approx. 23% cheaper than Bronze. Edges can be straight or beveled, also single line or double line border. Finishes: Raised Areas Satin Finished. High Polish requires extra pricing. Background, recessed areas, one standard color or stain. The prices in the pricelist below include a Metal surcharge of 26% for Bronze, 16% for Aluminum. Cast Bronze is 90% Copper. Significant changes to the cost of Copper may result in an increase or decrease of this surcharge. Use this pricelist as a guide line, and check with us on the price. The number of letters in the pricelist gives you the ideal number of letters per size. We do not charge for additional letters, but too many additional letters may require a larger size plaque. All plaques are furnished with mounting hardware, except for rosettes which range depending on the size of the plaque from \$13.50 to \$27.00 ea. Specify what hardware is required. Type A Blind Mount, type B Solid Wall, type C Hollow Wall, type D Wood Wall. Many Military, Fire Department, Civic and Religious Emblems are available and can be

Below we give you a listing of the most popular sizes and their pricing, any size can be made. Prices are for one plaque. Phone for pricing of multiple duplicate plaques.

## Etched Plaques and Plates

Halftone Etched Portrait  
3 3/4" x 5 3/4"  
There is a halftone art charge of \$325.00 added to the price of the casting.

MC-9 4" x 6" Sept. 11, 2001 \$216.00

Etched plates are priced by the square inch. This permits a much larger number of letters, detailed designs, buildings, action scenes from photographs and halftone portraits from good contrast photographs. The plates are made of Zinc, Brass, Copper, Bronze, Aluminum or Stainless Steel. We quote below **Zinc** as this is the most economical. We will quote the other materials on request. Etched plates can be made of .064" or .125" thick metal. Either thickness is satisfactory. For outdoors we recommend .125". Finish can be Bronze, Brass or Silver, also 2 Color Painted. Copy is raised.

### Prices are per Square Inch.

Type setting on Zinc castings is \$1.35 per word. There is no charge if art is provided in digital format or black and white camera ready art.
